## A cyber attack in Saudi Arabia failed to cause carnage, but the next attempt could be deadly

At a time when the world faces a dangerous escalation in cyber warfare, a series of assaults on petrochemical companies in Saudi Arabia – possibly backed by nation states – has caused alarm

## A Patient Dies After Ransomware Attack Paralyzes German Hospital Systems

🛗 September 21, 2020 🛔 Ravie Lakshmanan

German authorities last week disclosed that a ransomware attack on the University Hospital of Düsseldorf (UKD) caused a failure of IT systems, resulting in the death of a woman who had to be sent to another hospital that was 20 miles away.
