The Morning Show
Cyber scams: How to recognize deceptive advertisements online

The segment ran out of time before Mackenzie could elaborate, so we got an exclusive interview with the woman herself to learn more about this controversial opportunity.

EXCLUSIVE INTERVIEW WITH CAROLYN MACKENZIE

"You may have heard about this new *cryptocurrency investment platform* called *Immediate Connect* that's helping regular people... **TECH TALK** ...may be skeptical because it sounds too good to be true."

How to spot online scams & deepfakes

Right now because I thought the same thing when my boss asked me to do it, but when looking at my own eyes how much money he was making, I had to try it for myself.

Millions of student records compromised: Why overseeing education technology companies is crucial

April 20, 2026

Case of Note: [Privacy Complaints MR25-00002 to MR25-00011, MR25-00013 to MR25-00021, MR25-00026 and PR25-00002](#)

Background

In January 2025, 20 Ontario school boards and the Ontario Ministry of Education (collectively, the institutions) independently reported a breach of PI to the Office of the Information and Privacy Commissioner of Ontario (IPC). The institutions reported that a cyberattack occurred against their edtech provider, PowerSchool Canada ULC (PowerSchool). The company provides data management services and stores data related to students and educators from kindergarten to Grade 12.
