Authentication Factors

Something that you know

- ✓ Password, PIN number, secret handshake, passphrase, secret key, secret questions …

Something that you have

- ✓ IDs, physical key, badges, smart card, mobile phone, hardware device …

Something that you are or do (biometrics)

- ✓ Fingerprint, voice recognition, face recognition …

Something that you know

✓ **Good as long as** you remember the secret and nobody can uncover or guess this secret

- **Gets compromised as soon as** someone else knows this secret and is able to use it
